1 Nature of operations and seasonality

Nature of operations

SIR Royalty Limited Partnership (the "Partnership") is a limited partnership formed under the laws of the Province of Ontario.

On October 1, 2004, SIR Royalty Income Fund (the "Fund") filed a final prospectus for a public offering of units of the Fund. The net proceeds of the offering to the Fund of \$51,166,670 were used by the Fund to acquire, directly, certain bank debt of SIR Corp. (the "SIR loan") and indirectly, through SIR Holdings Trust (the "Trust"), all of the Ordinary LP units of the Partnership. The Partnership owns the Canadian trademarks (the "SIR Rights") formerly owned or licensed by SIR Corp. ("SIR") or its subsidiaries and used in connection with the operation of the majority of SIR's restaurants in Canada (the "SIR restaurants"). The Partnership has granted SIR a 99-year license to use the SIR Rights in most of Canada in consideration for a Royalty, payable by SIR to the Partnership, equal to 6% of the revenue of the restaurants included in the Royalty pool (the "License and Royalty Agreement").

Seasonality

The full service restaurant sector of the Canadian foodservice industry in which SIR operates experiences seasonal fluctuations in revenues. Favourable summer weather generally results in increased revenue during SIR's fourth quarter (ending the last Sunday in August) when patios can be open. Additionally, certain holidays and observances also affect dining patterns both favourably and unfavourably. Accordingly, Royalty income recognized by the Partnership will vary in conjunction with the seasonality in revenue experienced by SIR.

2 Summary of significant accounting policies

Use of estimates

The preparation of these financial statements requires management to make estimates and assumptions that affect income and expenses during the reporting periods, in addition to the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements. Actual results could differ materially from those estimates in the near term.

Revenue recognition

Revenue comprises Royalty income equal to 6% of revenue of SIR's restaurants in Canada that are subject to the License and Royalty Agreement and is recognized on an accrual basis.

Cash and cash equivalents

Cash is defined as cash and short-term investments with original maturities of three months or less.

Intangible assets

The SIR Rights are intangible assets with indefinite lives. In accordance with the requirements of The Canadian Institute of Chartered Accountants ("CICA") Handbook Section 3062, Goodwill and Other Intangible Assets, the SIR Rights are not amortized. The Partnership reviews the SIR Rights at least annually or when events or circumstances indicate that the carrying amounts may not be recoverable. Impairment is recognized when the estimated fair value of the intangible assets is lower than the carrying value.

Income taxes

The Partnership is not required to pay tax on its earnings as its taxable income is allocated to the partners based on the provisions of the Partnership Agreement. The partners will be liable for income taxes, if any, and accordingly, no provision for income taxes has been recorded in these financial statements.

Financial Instruments – Recognition and Measurement, Handbook Section 3855

Section 3855 prescribes when a financial asset, financial liability, or non-financial derivative is to be recognized on the balance sheet and at what amount – in certain instances using fair value and in others using cost-based measures. It also specifies how financial instrument gains and losses are to be presented.

The Partnership adopted Section 3855 effective January 1, 2007. The Partnership has classified its cash and cash equivalents as held for trading financial assets, amounts due from related parties as receivables and accounts payable and accrued liabilities and amounts due to related parties as other liabilities. Due to the short-term maturity of these financial instruments, the carrying value approximates their fair value. This standard did not have a material impact on the financial statements.

Ordinary LP units and Ordinary GP units

The holders of the Ordinary LP units are entitled to receive a pro rata share of all residual distributions of the Partnership. The holders of the Ordinary LP units have the right to receive distributions in priority to the Class A GP units described below.

The Ordinary GP units have the right to receive distributions of \$5 per month in aggregate.

SIR GP Inc., a direct subsidiary of the Fund, holds 99 Ordinary GP units of the Partnership and is Managing General Partner of the Partnership. SIR holds the remaining Ordinary GP unit and is the General Partner of the Partnership. The Fund and SIR have an 80% and 20% interest in the common shares of SIR GP Inc., respectively.

SIR Holdings Trust, a direct subsidiary of the Fund, holds all of the issued Ordinary LP units of the Partnership.

Class A and Class B GP units

The holders of the Class A GP units are entitled to receive a pro rata share of all residual distributions of the Partnership and subject to the subordination provisions, the Class A GP units are exchangeable into units of the Fund. Distributions to SIR, as holder of the initial 595,185 Class A GP units of the Partnership, representing the initial retained interest in the Fund, through the exchange feature, as at the closing date of the offering, are subordinated to distributions by the Partnership to the Trust on the Ordinary LP units and the Class A LP units (if any). The subordination of distributions on the Class A GP units ends on the date that both of the following conditions have been satisfied:

- a) Revenue of the SIR restaurants subject to the License and Royalty Agreement has not been less than \$127.4 million for each of two consecutive years commencing with SIR's fiscal year ending August 28, 2005; and
- b) Average monthly cash distributions of \$0.10 per Fund unit have been paid by the Fund and average quarterly cash distributions of at least \$0.30 have been paid by the Partnership to the Class A GP unitholders, in each case for the immediately preceding 12 month period.

The subordination on the distributions on the initial 595,185 Class A GP units of the Partnership is expected to continue until August 26, 2007.

Class B GP units are convertible into Class A GP units based on a conversion formula defined in the Partnership Agreement for each new restaurant opened in the previous fiscal year. On dissolution of the Partnership, the Class B units are entitled to receive \$10.00 in aggregate.

SIR Royalty Limited Partnership

Notes to Financial Statements

(Unaudited)

June 30, 2007

On January 1 of each year, Class B GP units are converted into Class A GP units for new SIR Restaurants added to the Royalty pool based on 80% of the initial estimated revenue and the formula defined in the Partnership Agreement. Additional Class B GP units may be converted to Class A GP units in respect of these new SIR Restaurants if actual revenues of the new SIR Restaurants exceeded 80% of the initial estimated revenue and the formula defined in the Partnership Agreement. Conversely, converted Class A GP units may be returned by SIR if the actual revenues of the new SIR Restaurants are less than 80% of the initial estimated revenue. In December of each year, an Additional Distribution will be payable to the Class B GP unitholders provided that actual revenues of the new SIR Restaurants exceed 80% of the initial estimated revenue or there will be a reduction in the distributions to the Class A GP unitholders if revenues are less than 80% of the initial estimated revenue. In December 2006, an additional distribution of \$231,351 was declared and paid in cash in January 2007. Currently, management is not able to determine if the revenue of the three new restaurants added to the Royalty pool on January 1, 2007 will be greater or less than 80% of the initial estimated revenue.

On January 1, 2007, three (2006 – two) new SIR Restaurants were added to the Royalty Pooled Restaurants in accordance with the Partnership Agreement. As consideration for the additional Royalty associated with the addition of three (2006 – two) new restaurants on January 1, 2007, as well as the second incremental adjustment for the two new SIR restaurants added to the Royalty Pooled Restaurants on January 1, 2006, SIR is able to convert its Class B GP units into Class A GP units based on the formula defined in the Partnership Agreement. The number of Class B GP units that SIR is able to convert to Class A GP units was reduced by an adjustment for the closure of one (2006 – nil) SIR Restaurant during the prior year. The net effect of these adjustments to the Royalty Pooled Restaurants was that SIR converted 421,004 (2006 – 438,820) Class B GP units of the Partnership into 421,004 (2006 – 438,820) Class A GP units of the Partnership on January 1, 2007 at an estimated fair value of \$3,531,911 (2006 - \$4,063,473).

Class A GP units and Class B GP units are held by SIR.

Class C GP units

The holders of Class C GP units are entitled to receive a cumulative preferential monthly cash distribution equal to \$0.063 per Class C GP unit held, payable on the dates that distributions are paid on the units of the Fund.

SIR has the right to require the Fund to indirectly purchase the Class C GP units and assume a portion of the loan between SIR and the Fund (the “SIR loan”) as consideration for the acquisition of the Class C GP units.

Class A and Class C LP units

The Class A and Class C LP units have similar attributes to the Class A and Class C GP units, except that the Class A LP units are not subordinated to the distributions by the Partnership on the Ordinary LP units.

Advances receivable from (payable to) related parties are non-interest bearing and due on demand. All advances were conducted as part of the normal course of business operations.

During the three-month and six-month periods ended June 30, 2007, the Partnership earned Royalty income of \$2,457,384 and \$4,824,415 respectively from SIR (three-month period ended June 30, 2006 - \$2,268,273 and six-month period ended June 30, 2006 - \$4,479,832). The Royalty income is determined based on 6% of the revenues from certain SIR restaurants subject to the License and Royalty Agreement between the Partnership and SIR. Under the terms of the License and Royalty Agreement, SIR may be required to pay a Make-Whole Payment in respect of the reduction in revenue for restaurants closed during a reporting period. SIR is not required to pay any Make-Whole Payment in respect of a closed restaurant following the date on which the number of restaurants in the Royalty pool is equal to or greater than 68 or following October 12, 2019, whichever occurs first. On January 1 of each year (the adjustment date) following December 31, 2005, the restaurants subject to the License and Royalty Agreement are adjusted for new restaurants opened in the previous fiscal year. At each adjustment date, SIR will be entitled to convert its Class B GP units of the Partnership to Class A GP units of the Partnership based on the conversion formula defined in the Partnership Agreement (note 4).

The Partnership has entered into an arrangement with the Fund and the Trust whereby the Partnership will provide or arrange for the provision of services required in the administration of the Fund and the Trust. The Partnership has arranged for these services to be provided by SIR GP Inc. in its capacity as the Managing General Partner, or SIR as General Partner, of the Partnership. SIR, on behalf of SIR GP Inc., also provides services to the Partnership for its administration. For the six-month periods ended June 30, 2007 and 2006, the Partnership provided these services to the Fund and the Trust for consideration of \$12,000 (three-month periods ended June 30, 2007 and 2006 - \$6,000), which was the amount of consideration agreed to by the related parties.

8 Subsequent event

On August 9, 2007, SIR entered into a credit agreement for a maximum principal amount of \$16 million. The facility will be used primarily to facilitate construction of new restaurants by SIR. The loan is collateralized by substantially all of the assets of SIR and most of its subsidiaries, which are also guarantors. The Partnership and the Fund have not guaranteed the Credit Facility.

The bank debt is “permitted indebtedness” within the meaning of the agreements between the Fund, the Partnership and SIR, and as a result the Fund and the Partnership have, as contemplated in the existing agreements, subordinated and postponed their claims against SIR to the claims of the bank. This subordination, which includes a subordination of the Partnership’s rights under the License and Royalty Agreement between the Partnership and SIR whereby the Partnership licenses to SIR the right to use trade-marks and related intellectual property in return for royalty payments based on revenues, has been effected pursuant to the terms of an Interlender Agreement.

Under the Interlender Agreement, absent a default or event of default under the Credit Agreement, ordinary payments to the Partnership and the Fund can continue and the Partnership can exercise any and all of its rights to preserve the trademarks and related intellectual property governed by the License and Royalty Agreement. However, if a default or an event of default were to occur, then payments to the Fund and the Partnership could cease and the related rights of the Fund and the Partnership could be subject to a “standstill” obligation for a period of up to 120 days (which may be extended if the bank is pursuing remedies). The Interlender Agreement also contains various other typical covenants of the Fund and the Partnership.
