1 Nature of operations and seasonality

Nature of operations

SIR Royalty Limited Partnership (the Partnership) is a limited partnership formed under the laws of the Province of Ontario, Canada.

On October 1, 2004, SIR Royalty Income Fund (the Fund) filed a final prospectus for a public offering of units of the Fund. The net proceeds of the offering to the Fund of $51,166,670 were used by the Fund to acquire, directly, certain bank debt of SIR Corp. (the SIR loan) and, indirectly, through SIR Holdings Trust (the Trust), all of the Ordinary LP Units of the Partnership. The Partnership owns the Canadian trademarks (the SIR Rights) formerly owned or licensed by SIR Corp. (SIR) or its subsidiaries and used in connection with the operation of the majority of SIR's restaurants in Canada (the SIR restaurants). The Partnership has granted SIR a 99-year licence to use the SIR Rights in most of Canada in consideration for a Royalty, payable by SIR to the Partnership, equal to 6% of the revenues of the restaurants included in the Royalty Pooled Restaurants (the Licence and Royalty Agreement).

The address of the Partnership's registered office is 5360 South Service Road, Suite 200, Burlington, Ontario. The financial statements were approved by the Board of Trustees on November 6, 2013.

Seasonality

The full-service restaurant sector of the Canadian food-service industry, in which SIR operates, experiences seasonal fluctuations in revenues. Favourable summer weather generally results in increased revenues during SIR's fourth quarter (ending the last Sunday in August) when patios can be open. Additionally, certain holidays and observances also affect dining patterns, both favourably and unfavourably. Accordingly, royalty income recognized by the Partnership will vary in conjunction with the seasonality in revenues experienced by SIR.

2 Basis of presentation and summary of significant accounting policies

The Partnership prepares its interim condensed financial statements in accordance with International Financial Reporting Standards (IFRS) applicable to interim financial statements, including International Accounting Standard (IAS) 34, Interim Financial Reporting. The disclosures contained in these unaudited interim financial statements do not include all requirements of IFRS for annual financial statements and should be read in conjunction with the 2012 audited annual financial statements and notes thereto. The financial performance of the Partnership for the interim period is not necessarily indicative of the results that may be expected for the full year due to the seasonality of the Partnership's business.

The accounting policies applied in these unaudited interim financial statements are consistent with those followed in the 2012 audited annual financial statements except for the adoption of the following new pronouncements.

IFRS 13, Fair Value Measurement

IFRS 13 is a comprehensive standard for fair value measurement and disclosure requirements for use across all IFRS. The new standard clarifies that fair value is the price that would be received to sell an asset, or paid to transfer a liability in an orderly transaction between market participants, at the measurement date. It also establishes disclosures about fair value measurement. Management has determined that the adoption of this standard has no impact on the financial statements.

IFRS issued but not yet effective

IFRS 9 Financial instruments - classification and measurement

IFRS 9, Financial Instruments, is the first part of a new standard on classification and measurement of financial assets that will replace IAS 39, Financial Instruments: Recognition and Measurement. IFRS 9 has two measurement categories: amortized cost and fair value. All equity instruments are measured at fair value. A debt instrument is measured using amortized cost only if the entity is holding it to collect contractual cash flows and the cash flows represent principal and interest; otherwise, it is at fair value through profit or loss. IFRS 9 is effective for years beginning on or after January 1, 2015. Management is evaluating the standard and has not yet determined the impact on its financial statements.

IAS 36, Impairment of assets

IAS 36, Impairment of assets has been amended to include limited scope amendments to the impairment disclosures. The amendments are effective for annual periods beginning on or after January 1, 2014. Management is evaluating this standard and has not yet determined the impact on its financial statements.

3 Intangible assets

	Nine-month period ended September 30, 2013 $	Year ended December 31, 2012 $
SIR Rights - Beginning of period	73,171,784	71,265,393

On January 1, 2013, four (January 1, 2012 - one) new SIR Restaurants were added to Royalty Pooled Restaurants in accordance with the Partnership Agreement. As consideration for the additional Royalty associated with the addition of four new SIR Restaurants on January 1, 2013 (January 1, 2012 - one), as well as the Second Incremental Adjustment for one new SIR Restaurant added to Royalty Pooled Restaurants on January 1, 2012 (January 1, 2011 – one), SIR converted its Class B GP Units in to Class A GP Units based on the formula defined in the Partnership Agreement. The number of Class B GP Units that SIR converted into Class A GP Units was reduced by an adjustment for the permanent closure two (January 1, 2012 - nil) SIR Restaurants during the prior year. The net effect of these adjustments to Royalty Pooled Restaurants was that SIR converted 296,459 (January 1, 2012 - 203,878) Class B GP Units into 296,459 (January 1, 2012 - 203,878) Class A GP Units on January 1, 2013 at an estimated fair value of $4,325,854 (January 1, 2012 - $1,906,391) (note 4).

Generally, the Partnership units have no voting rights, except in certain specified conditions.

Ordinary LP Units and Ordinary GP Units

The holders of the Ordinary LP Units are entitled to receive a pro rata share of all residual distributions.

The Ordinary GP Units have the right to receive distributions of $5 per month in aggregate.

SIR GP Inc., a direct subsidiary of the Fund, holds 99 Ordinary GP Units and is the Managing General Partner. SIR holds the remaining Ordinary GP Units and is the General Partner. The Fund and SIR have an 80% and 20% interest in the common shares of SIR GP Inc., respectively.

SIR Holdings Trust, a direct subsidiary of the Fund, holds all of the issued Ordinary LP Units.

Class A GP Units, Class A LP Units and Class B GP Units

The holders of the Class A GP Units are entitled to receive a pro rata share of all residual distributions and the Class A GP Units are exchangeable into units of the Fund. The holders of the Class A LP Units are entitled to receive a pro rata share of all residual distributions.

Class B GP Units are convertible into Class A GP Units based on a conversion formula defined in the Partnership Agreement for each new restaurant opened in the previous fiscal year. On dissolution of the Partnership, the Class B GP Units are entitled to receive $10 in aggregate.

On January 1 of each year, Class B GP Units are converted into Class A GP Units for new SIR Restaurants added to the Royalty Pooled Restaurants based on 80% of the initial estimated revenues and the formula defined in the Partnership Agreement. Additional Class B GP Units may be converted into Class A GP Units in respect of these new SIR Restaurants if actual revenues of the new SIR Restaurants exceeded 80% of the initial estimated revenues and the formula defined in the Partnership Agreement. Conversely, converted Class A GP Units would be returned by SIR if the actual revenues of the new SIR Restaurants are less than 80% of the initial estimated revenues. In December of each year, an additional distribution will be payable to the Class B GP unitholders provided that actual revenues of the new SIR Restaurants exceed 80% of the initial estimated revenues, or there will be a reduction in the distributions to the Class A GP unitholders if revenues are less than 80% of the initial estimated revenues.

On January 1, 2013, four (January 1, 2012 - one) new SIR Restaurants were added to Royalty Pooled Restaurants in accordance with the Partnership Agreement. As consideration for the additional Royalty associated with the addition of four new SIR Restaurants on January 1, 2013 (January 1, 2012 - one), as well as the Second Incremental Adjustment for one new SIR Restaurant added to Royalty Pooled Restaurants on January 1, 2012 (January 1, 2011 – one), SIR converted its Class B GP Units in to Class A GP Units based on the formula defined in the Partnership Agreement. The number of Class B GP Units that SIR converted into Class A GP Units was reduced by an adjustment for the permanent closure of two (January 1, 2012 - nil) SIR Restaurants during the prior year. The net effect of these adjustments to Royalty Pooled Restaurants was that SIR converted 296,459 (January 1, 2012 - 203,878) Class B GP Units into 296,459 (January 1, 2012 - 203,878) Class A GP Units on January 1, 2013 at an estimated fair value of $4,325,854 (January 1, 2012 - $1,906,391).

In December 2012, an additional distribution of $22,707 (December 2011 - $33,667) was declared and paid in cash in January 2013 (January 2012).

Class A GP Units and Class B GP Units are held by SIR. Class A LP Units are held by SIR Holdings Trust, a direct subsidiary of the Fund.

Class C GP Units

The holders of Class C GP Units are entitled to receive a cumulative preferential monthly cash distribution equal to $0.063 per Class C GP Unit held, payable on the dates that distributions are paid on the units of the Fund.

SIR has the right to require the Fund to, indirectly, purchase the Class C GP Units and assume a portion of the SIR loan as consideration for the acquisition of the Class C GP Units.

Conversion of Class A GP Units

In November 2012, SIR converted 523,900 of its Class A GP Units in the Partnership into 523,900 Fund units and sold these Fund units. In accordance with the exchange agreement, the Fund converted the 523,900 Class A GP units received into 523,900 Class A LP Units. These newly issued Class A LP Units have been recognized in the statements of partners' interest at the carrying value of $4,041,889.

On March 14, 2013, SIR converted 895,000 of Class A GP Units in the Partnership into 895,000 Fund units and sold these Fund units for gross proceeds of $11,008,500. In accordance with the exchange agreement, the Fund converted the 895,000 Class A GP Units received into 895,000 Class A LP Units. These newly issued Class A LP Units have been recognized in the statements of partners' interest at the carrying value of $7,496,340.

As the Fund's interest in the Partnership has increased in both of these transactions, these transactions are not dilutive to Fund unitholders.

As a result of the conversion of the Class A GP Units into Fund units, SIR's interest in the Partnership decreased to 24.4% as at September 30, 2013.

During the three-month and nine-month periods ended September 30, 2013, the Partnership earned royalty income of $3,561,177 and $10,614,422, respectively, from SIR (three-month and nine-month periods ended September 30, 2012 - $3,333,654 and $9,931,147, respectively). The Partnership's royalty income is determined based on 6% of the revenues from certain SIR restaurants subject to the Licence and Royalty Agreement between the Partnership and SIR. SIR makes 13 Royalty payments based on SIR's 13 four- or five-week period fiscal year and, as such; royalty payments can fluctuate depending on how the four- or five-week periods coincide with the Partnership's calendar fiscal year. Under the terms of the Licence and Royalty Agreement, SIR may be required to pay a Make-Whole Payment in respect of the reduction in revenues for restaurants permanently closed during a reporting period. SIR is not required to pay any Make-Whole Payment in respect of a permanently closed restaurant following the date on which the number of restaurants in the Royalty Pooled Restaurants is equal to or greater than 68 or following October 12, 2019, whichever occurs first. On January 1 of each year (the Adjustment Date), the restaurants subject to the Licence and Royalty Agreement are adjusted for new restaurants opened for at least 60 days preceding such Adjustment Date in the previous fiscal year. At each Adjustment Date, SIR will be entitled to convert its Class B GP Units into Class A GP Units based on the conversion formula defined in the Partnership Agreement (note 4).

The Partnership has entered into an arrangement with the Fund and the Trust whereby the Partnership will provide or arrange for the provision of services required in the administration of the Fund and the Trust. The Partnership has arranged for these services to be provided by SIR GP Inc. in its capacity as the Managing General Partner, or SIR as the General Partner. SIR, on behalf of SIR GP Inc., also provides services to the Partnership for its administration. For the nine-month periods ended September 30, 2013 and 2012, the Partnership provided these services to the Fund and the Trust for consideration of $18,000 (three-month periods ended September 30, 2013 and 2012 - $6,000), which was the amount of consideration agreed to by the related parties.

6 Economic dependence

The Partnership earns substantially all of its revenues from SIR; accordingly, the Partnership is economically dependent on SIR.
